NUMBER 30

QUARANTINE IS LIFTED FROM BUFFALO PARK

Local Reserve Had Been Under
Orders For Many
Months

Official notification to lift the quarantine from Buffalo Park was received from headquarters by Superintendent McLaughlin on Saturday last. The park had been quarantined for several months on account of the foot and mouth disease, which, starting in the Chicago stock yards, played havoc with stock coming from all quarters and caused the big Chicago yards to close.

The quarantine at the Wainwright Park was placed as a means of protection and, fortunately, the dreaded disease did not enter its gates. All the animals at the park are well and natural increases are being reported. During the first week in May, a buffalo cow will be shipped to Riverdale Park, Toronto, the animal having been acquired by the Queen City authorities.

LITTLE DEPLETION IN LIVESTOCK SAYS W. F. STEVENS

Good Possibilities Are Offered
For Large Increases In
Cattle Prices

"There has been very little depletion of live stock in the province since the beginning of the war, with the exception of hogs, and the interest in hogs is beginning to revive," said W. F. Stevens, provincial live stock commissioner, the other day.

Mr. Stevens pointed out that the average price realized for cattle at the Calgary spring stock show was \$150, or exactly one hundred dollars higher than the price obtained six years ago. All over the province, he said, the interest in horses, cattle and sheep is increasing, and farmers more than ever realize the possibilities in that direction.

This year Mr. Stevens has received a large number of inquiries from Saskatchewan, Ontario and United States with regard to ranges for cattle in Alberta.

MAN WHO ATTEMPTED MURDER IS ARRESTED IN WAINWRIGHT HOTEL BY MOUNTED POLICE

Shortly after he had made an appointment with two prominent local business men, the Wainwright mounted police, at 4:30 o'clock on Monday afternoon, arrested James O'Brien, who, two years ago, escaped from the Alberta Penitentiary where he was held for the attempted murder of an Edmonton bartender, the affair having taken place in an Edmonton hotel following the dispute over a girl. The appointment O'Brien had made

with the business men here, was for the purpose of ascertaining whether or not he could find a position that would warrant him staying in Wainwright where he could then teach the local band members the correct methods of playing the clarinet.

The arrest was made in the Wainwright Hotel where the alleged murderer was drinking. The man was in a more or less intoxicated condition when the police laid hands on him. It is said that the local police, as

soon as they saw O'Brien here recognized him as the wanted man and immediately arrested him, and following an investigation, it was found that the particulars that had been circulated concerning O'Brien, tallied exactly with the man arrested. The particular mark of identification was a large scar on the left hand. This the accused carries. O'Brien was taken to Edmonton on Monday night by Corporal Wilson. He will await trial in the capital.

ORANGEMENS' COMMITTEE WILL APPEAR BEFORE COUNCIL BOARD ASKING FOR JULY GUARANTEE

The committee appointed by the local Orange Lodge to investigate various matters, in connection with the proposal to hold the 12th of July County Orange Celebration in this town, will appear before council in connection with the proposal at the next sitting of the board to be held in the council chamber on Tuesday evening of next week. It is expected that at this session, the Orangemen will ask for the assurance of a guarantee to cover the necessary transportation conveniences that will be needed.

The latest report received from the Orangemen is in reference to a communication from the Grand Trunk Pacific railway which states that the system will be willing to conduct a train from Biggar to Wainwright and return for \$353.50 and from Edmonton to Wainwright and return for an amount of \$320.70, making a total of \$674.20 for all needed so far as transportation conveniences are concerned. It is pointed out these figures would afford those coming to Wainwright on July 12th, transportation for the round trip and return at a lower rate than the usual single fare.

Oddfellows Paraded To Church Sunday; Heard Good Address

Members of the local lodge of the Independent Order of Oddfellows to the number of about thirty, paraded to the St. Andrew's Presbyterian church on Sunday evening and there heard an interesting sermon delivered by Dr. Miller, M.A., D.D., of Edmonton. It was in such a way as this that the Oddfellows here, with their vast army of brethren in other parts of the world, celebrated the 90th anniversary of the formation of the order.

The service throughout was especially appropriate to the occasion and in his sermon, Dr. Miller frequently mentioned the good that has been and could still be accomplished by such an organization as the Oddfellows. Miss Munroe contributed a solo, "The Holy City," while a large choir assisted in the musical part of the service. The attendance was a particularly large one and the seating accommodation of the church was taxed to its utmost.

CASUALTY LIST IS HEAVY ONE FOR CANADIANS

Twenty one killed and 50 wounded is the toll taken upon Canadian officers in the heavy fighting of Thursday, Friday and Saturday, north of Ypres. A list issued tonight contains the names of 21 officers killed, including three colonels: Lieut. Col. Hart McEllig, commanding the seventh battalion of Vancouver; Lieut. Col. Arperival Birchall, of the Canadian permanent staff, and Lieut. Col. Russell Lambert Boyle of Crossfields, Alberta, commanding the 10th battalion. No word has yet been received at the militia department indicating the probable loss in killed and wounded of the Canadian file and rank in the three days' fighting. With the loss of officers running up to 80 it is altogether probable that casualty lists of non-commissioned officers still to come in will total 900 or 700 and may be as high as 1,000.

Mr. and Mrs. W. J. McPhee left town on Monday for Prince Rupert where they will spend several weeks.

Mrs. Henry and son have left for Calgary where they will visit friends. Following their visit to the southern city they will leave for the coast.

The Wainwright soldier boys in Edmonton are all enjoying the best of health. The opinion is freely expressed that they will be removed within the next two weeks for destinations at present unknown.

For the benefit of those who have gristing and chopping to do, the Wainwright Milling Co. will open the mill and conduct business on May 17, 18 and 19th. After this date the mill will not run until the new crop is harvested.

"One commendable feature about Wainwright" said Rev. Dr. Miller on Monday last "is its absence of vacant houses. In this regard Wainwright is entirely different to Edmonton where the number of untenanted dwellings reaches a surprisingly large total."

HELP! WHO SAW IT?

It was seen on Sunday and many thought it was an old standby. But there were some who said it really was a new one and that the man who had braved all purposely to take the honor in degradation, whichever way one likes to put it, had gambled that he would be the first person on the street wearing the really true evidence of "orange blossom time". Whether he won his bet or not, the fact remains that the first straw hat of the season was seen on Main street on Sunday afternoon last.

SECURES GOOD SPEAKER

The Alberta Temperance and Moral Reform League has secured the services of a noted temperance orator who has been engaged to visit the province of Alberta in the interests of the prohibition campaign. Rev. R. J. Patterson, A.B., L.L.B., the founder of the Catch-my-pal movement, one of Ireland's greatest temperance orators is to spend the month of May lecturing in all parts of Alberta. He is already booked for several places and is being eagerly sought after by others.

TO ORGANIZE TEAM

For the purpose of organizing a base-ball team in Wainwright, a meeting of those interested will be held in the STAR office at 8 o'clock on Wednesday evening of this week. Members of last season's team and prospective players for the 1915 aggregation are especially requested to be in attendance.

NEW PASTOR IS GIVEN PRAISE AT SUNDAY SERVICE

Rev. Dr. Miller of Robertson College Commends Rev. Thos. Murphy, B. A.

Last Sunday evening, at the special Oddfellows service conducted in the Presbyterian church, the Rev. Dr. Miller of Robertson College, took the occasion to commend in very high terms, Mr. Thomas Murphy, B.A., who is shortly to take charge of the Presbyterian Church in Wainwright.

Dr. Miller said that Mr. Murphy was a graduate of whom the Robertson College was proud, and he asked the people to receive him graciously and co-operate enthusiastically with him. "For" he said, "he is a young man of worth and ability and we expect much from him."

Mr. Murphy has taken complete courses in Arts and Theology, and will be formally ordained in a few days.

LOCAL MEMBER OF LEGISLATURE

GEORGE LEROY HUDSON, M.L.A.

LOCAL MEMBER OF PROVINCIAL HOUSE WILL JOIN FORCES

Wainwright's member of the provincial legislature, Geo. L. Hudson, M.L.A., left Wainwright on Monday afternoon for the purpose of joining the 49th battalion of the Canadian expeditionary force now being raised. Further information in connection with Mr. Hudson's latest move will be announced in these columns next week.

With conditions in the Wainwright riding in a fairly good state and with the session of the Alberta legislature just concluded, Mr. Hudson announced to the STAR just prior to his departure that he had decided upon his latest move by reason of the fact that he thought his country needed his services in its present struggle.

"Among the vast army being raised, I know my individual efforts will not amount to a great deal, but they will be the best I can put forward. And you know, I feel I ought to go."

It was with these parting words that Mr. Hudson left for Edmonton on Monday afternoon.

Mrs. W. S. Brodie left Wainwright on Friday to visit relatives and friends in Ontario. Mr. Brodie accompanied her as far as Saskatoon.

It is reported that Mr. Sowory, formerly of Wainwright, is now interned in the Mounted Police barracks in Edmonton, charged with being a German spy.

The usual meeting of the Wainwright Town Council will be held in the council chamber on Tuesday evening of next week. Many important matters are billed for discussion.

Residents of Wainwright are requested to remember that Monday, May 3rd, has been proclaimed "Clean up Day" in Wainwright. The forenoon will be a public holiday and all stores will close.

The sale of work arranged by the Women's Auxiliary of the church of England is to be held in Mr. Pawling's office on Main street, on Saturday May 8th.

Friends of L.L. Larrabee will be pleased to learn that Mr. Larrabee, who was recently removed to the Strathcona hospital, Edmonton, suffering from internal troubles, is now progressing. It will be a week or so, however, before he will be strong enough to return to Wainwright.

GOOD REPORTS REGARDING LAND BEING RECEIVED

Progress Is Made In All Quarters In Preparation For Crop.

With three steam plows turning over in the neighborhood of 90 acres per day and with four drill actively engaged in seeding, the Wood-Wainwright Company expects to have two thousand acres in crop within the next two weeks. Of this big acreage, 900 acres will be sown in oats, 800 in wheat and 300 in barley.

Excellent reports concerning seeding are being received from all corners of the Wainwright district and many of these are to the effect that the first of the year's operations have now been completed. The weather is still ideal and in consequence of the amount of moisture contained in the land, wheat is now to be sown about the ground in many locations.

FUNERAL OF MRS. HAIN

The funeral took place on Monday of Evelyn Hain, wife of A. Hain, a farmer well known in the district. Mrs. Hain had been in failing health nearly ever since she left England three years ago. A few months ago she went to Edmonton for treatment. Her end, therefore, which came on Saturday morning was not unexpected. Rev. H. Assiter conducted the funeral, which was largely attended, bestowing the respect.

MANY FORD CARS

A splendid array of Ford cars are to be seen in the warehouse of Messrs Smith & Pigeon. Of the nine cars which arrived on Saturday last, four have already been delivered to the purchasers. Mr. Smith requests that all in need of cars make early application so that he will be in a position to conveniently accommodate all requirements.

Miss Nellie Isted was a visitor in town on Saturday.

H. R. Scroth has been transferred from Wainwright to Watrous where he will take up residence.

Frank Scott, formerly of Edmonton, has arrived in Wainwright to take up duties as junior clerk in the local branch of the Union Bank.

Knowledge as to when the Wainwright Rifle Association is going to organize is something being sought after with unusual frequency this year. It is suggested that a meeting be called by the executive.

COMPETITION INAUGURATED FOR CLEANEST YARD AND BEST KEPT LOCAL GARDEN

The STAR will set the ball rolling for a cleaner and better Wainwright by the donation of a prize value \$5 for the cleanest yard and best kept garden, the award to be made on July 1st or 12th. The competition will be open to both young and old and names should be sent to the STAR Office of those wishing to enter, when further particulars will also be given. The STAR, however, does not wish to stand alone in this work of making Wainwright a little better, a little healthier and a little healthier, and a little more attractive. It wants the business men and others to participate in the offering of prizes are concerned. How many are there who will follow with other little awards? They need not be large. It is to the interest and welfare of us all that Wainwright assumes a cleaner aspect. Further donations to the list will be made known in these columns next week. The names of those entering the competition will also be published.

WAINWRIGHT MARKETS

OPPERETTA MONDAY EVENING EVIDENCED SPLENDID TRAINING

Continued from front page

from its value as an entertainment for the amusement of the public, was of material benefit to the children. The dances were of the old variety, abundant with opportunities for a display of grace. To the children taking part, education was provided along the line of graceful deportment. Then again, such an entertainment as that on Monday evening, will prove conducive to results in a way of giving both the children and the audience generally, a taste for better music, for all songs rendered were of a standard that rank high in the musical world. The syncopated variety was entire absent from the program.

A description as to the merits of each character is needless for they were all excellent. Mildred Rullison, as Maid Marion, with her gestures and power of control, was a little wonder. She also has a sweet voice which lost none of its advantages. Henry King, as Robin Hood, made an admirable partner in play with Miss Rullison. The delivery of his lines was splendid.

Robert Simmerman proved an ideal sheriff and his character was an outstanding feature of the evening. Not only was his delivery good but his movement also left little to be improved upon. Helen Mitchell handled "Dame Joan" with credit and her reproduction was a typical one of the character she represented, while Helen Shirley as "Ellen, the Pretty Daughter", played the part with much precision and grace. Miss Shirley's songs were also good. E. Mitchell made a good "Friar Tuck".

Miss Mary Reid, as "Premiere Danseuse" did some excellent work and as much may be said concerning the efforts of Miss Marion Limpert, Mildred Graham, Dorothy Primrose and Mary McQueen. The Sheriff's dance was enjoyed by all, while the weird scene in the Song of the Witches gave Miss Hazel Brunker, Mildred King and Miss Hazel Ward, a good opportunity for displaying their respective powers of elocution. Following were the characters taking part:

Henry King, C. Ward, H. Luckins, Horace King, E. Mitchell, Murray Pawling, B. Hodgkiss, G. Strange, G. Boyd, Robert Simmerman, Helen Mitchell, Helen Shirley, Hazel Brunker, Hazel Ward, Mildred King, Mildred Rullison, Ideala Gregory, Merle Mabey, Laura Peterson, Lolo Mabey, Vella Jackson, Margaret Livingstone, Charlotte Tunney, Vera Limpert, Mabel Bazely, Helen Limpert, Marion Limpert, Mildred Mabey, Nellie Carroll, Ethel Bebbington, Florence Smith, Gladys Ranican, Irene Limpert, Maude Chesterman, Sophia Kenny, Ada Coffield, Retta Love, Rachel Redmond, Evelyn Grainger, Emma Geohring, Nellie Dewar, Gladys Smith,

Cutter's Blackleg pills at the Wainwright Pharmacy, \$1.00 for ten.

Heard at the depot on Sunday afternoon, No. Mr. Montgomery the cadets are not here to give you courage. They're just waiting on the Edgerton cadets to arrive. That's all.

Mr. Archibald Crawford and bride formerly of Toronto, have arrived in town and will take up residence in the house formerly occupied by W. J. McLean.

Mrs. A. E. Fraser, who has left Wainwright for Edmonton, wishes to thank her many friends for the kindness shown to her during her long illness.

Miss Jennie Strong of Edmonton is spending a few days in Wainwright as the guest of Mrs. H. G. Williams.

Mr. and Mrs. G. Peacock gave a dance in the L.O.L. hall, Gilt Edge, recently. About 100 persons were in attendance. Following supper at mid night, songs were contributed by Mrs. J. Dolan Adam and Jack Veitch. T. O'Reilly gave the music.

Owing to increased business, Messrs. Catthey and Greer have acquired the Buffalo Livery. They will now operate the two barns.

Both Wainwright and Edgerton cadets were in attendance at the Easter Sunday evening at St. Thomas' church, where Rev. H. Assiter delivered an appropriate address. The attendance at this church on Sunday evening last numbered 150 persons.

We now have a big supply of Cutter's Blackleg pills which sell at \$1.00 for ten or \$4.00 for fifty. Wainwright Pharmacy.

C.T. Lally has received a letter relative to the formation of a Northern Alberta Lacrosse league which asks the possibilities of a team from this district. All those interested in lacrosse should communicate with Mr. Lally.

THE WAINWRIGHT PHARMACY

The Future of Agriculture in Alberta

TO INCREASE THE AGRICULTURAL PRODUCTION

An Association of Farmers and Business Men Whose Aim will Be to Disseminate Knowledge of the Most Approved Farming Methods, and to Secure Greater Efficiency

A committee of Canadian agriculturalists were induced to make a trip to North Dakota to investigate the work of agricultural instruction as carried on by the state government. Mr. G. A. Merritt, of Winnipeg, has sent us their report, showing the result of their investigation, which is as follows:

Dear Sir:—The members of the committee selected to visit North Dakota and investigate at first hand the results of the State-Agricultural System of agricultural instruction. The aim of this committee was to obtain as much information as possible from the farmers' efficiency districts where the system is in operation, and through the courtesy of Mr. Thomas Cooper, director of the North Dakota Agricultural Experiment Station, and Mr. R. H. Crane, agricultural commissioner of the State, the committee was enabled to spend three whole days motoring and interviewing farmers in the country tributary to Valley City, in the eastern part of the state. The committee was accompanied by Mr. J. H. Williston, the western boundary, and a full day in the Grand Forks district.

We were also afforded an opportunity to visit the various agricultural banks and business men the question of the results being accomplished, and an effort was made to make the investigation a thorough one.

It is our unanimous opinion that the better farming conditions being conducted in North Dakota is proving successful in a remarkable degree, and is rapidly creating a new era in agriculture, which will ensure an enormous increase in the production of the state, as well as contribute to a material improvement of the social conditions of the farm life.

It is further of the opinion that the experience of North Dakota, considered in conjunction with the history of agricultural progress in other parts of North America, serves to establish conclusively that the success of a thorough and satisfactory development of the agricultural industry of a new country is dependent upon the efficient operation of the agricultural and experimental farm, and the efficient operation of the field men to carry information to the farmers on their own farms.

As a natural consequence of the unparalleled rapidity of the settlement of Western Canada in the last few years we have admittedly an unusually large percentage of settlers who know nothing of farming, and it is therefore an obvious deduction that the results which could be looked for from an agricultural organization of field men would be proportionately greater here than in North Dakota.

The necessity for an organized movement to help the farmer in the production in the prairie provinces by greater efficiency of farming methods, is now a self-evident fact, and we cannot urge too strongly that steps be taken without delay to inaugurate the movement in this province, as the most effective means of accomplishing the desired end.

We think it to be of great importance to the farmer in our opinion a movement along the lines recommended, in order to be able to take the form of a combination of the farmers' business interests to co-operate with the department of agriculture. We are of the opinion that the fact that the department of agriculture in all three of our prairie provinces is not doing its full duty, and that the organization of a field agent system should be set on foot immediately, and that the most effective way to do this is by the formation of an association for the organization of an association of farmers and business men.

Respectfully submitted, Name of Association of Farming and Business Men.

Form of Organization: An association to be incorporated by private act.

Support and Membership: The general funds of the association to be provided by subscriptions to be invited from all business and farming interests, and a subscription of \$10 or more annually to entitle the subscriber to membership.

Further financial support to be solicited from municipalities in which the association conducts its business.

General Council: The association to be governed by a board of forty-two councillors chosen as follows:

Councillors by Grain Growers' association 6
Live Stock Breeders' association 6
Farmers' association 6
Agricultural Society 6
Railways (one each) 3
Canadian Credit Men's association 4
Bankers' association (western section) 4
Mortgage Loans association of Western Canada 3
Farming Grain Growers' Association (Western Canada) 3
Federation of Canadian Farmers' Association 2
Canadian Farmers' Association 2
Western Farmers' Association 2
Domestic Retailers' association 2
Union (Western branches) 2

And six others to be selected by the foregoing, 42 in all, to form a quorum.

Duties: The affairs of the association to be administered by a board of nine directors, of whom five to be appointed by the minister of agriculture and six by the general council.

The chief aim of the association being to increase agricultural production by disseminating knowledge of the most approved farming methods, it is proposed to adopt the plan now followed in North Dakota, in numerous parts of North America, of employing a staff of field agents to carry information to the farmers on their own farms, and induce them to conduct their operations on lines recommended by the department of agriculture.

The Problem of the Future of Agriculture in Alberta

TO INCREASE THE AGRICULTURAL PRODUCTION

An Association of Farmers and Business Men Whose Aim will Be to Disseminate Knowledge of the Most Approved Farming Methods, and to Secure Greater Efficiency

A committee of Canadian agriculturalists were induced to make a trip to North Dakota to investigate the work of agricultural instruction as carried on by the state government. Mr. G. A. Merritt, of Winnipeg, has sent us their report, showing the result of their investigation, which is as follows:

The aim of this committee was to obtain as much information as possible from the farmers' efficiency districts where the system is in operation, and through the courtesy of Mr. Thomas Cooper, director of the North Dakota Agricultural Experiment Station, and Mr. R. H. Crane, agricultural commissioner of the State, the committee was enabled to spend three whole days motoring and interviewing farmers in the country tributary to Valley City, in the eastern part of the state. The committee was accompanied by Mr. J. H. Williston, the western boundary, and a full day in the Grand Forks district.

We were also afforded an opportunity to visit the various agricultural banks and business men the question of the results being accomplished, and an effort was made to make the investigation a thorough one.

It is our unanimous opinion that the better farming conditions being conducted in North Dakota is proving successful in a remarkable degree, and is rapidly creating a new era in agriculture, which will ensure an enormous increase in the production of the state, as well as contribute to a material improvement of the social conditions of the farm life.

It is further of the opinion that the experience of North Dakota, considered in conjunction with the history of agricultural progress in other parts of North America, serves to establish conclusively that the success of a thorough and satisfactory development of the agricultural industry of a new country is dependent upon the efficient operation of the agricultural and experimental farm, and the efficient operation of the field men to carry information to the farmers on their own farms.

As a natural consequence of the unparalleled rapidity of the settlement of Western Canada in the last few years we have admittedly an unusually large percentage of settlers who know nothing of farming, and it is therefore an obvious deduction that the results which could be looked for from an agricultural organization of field men would be proportionately greater here than in North Dakota.

The necessity for an organized movement to help the farmer in the production in the prairie provinces by greater efficiency of farming methods, is now a self-evident fact, and we cannot urge too strongly that steps be taken without delay to inaugurate the movement in this province, as the most effective means of accomplishing the desired end.

We think it to be of great importance to the farmer in our opinion a movement along the lines recommended, in order to be able to take the form of a combination of the farmers' business interests to co-operate with the department of agriculture. We are of the opinion that the fact that the department of agriculture in all three of our prairie provinces is not doing its full duty, and that the organization of a field agent system should be set on foot immediately, and that the most effective way to do this is by the formation of an association for the organization of an association of farmers and business men.

Respectfully submitted, Name of Association of Farming and Business Men.

Form of Organization: An association to be incorporated by private act.

Support and Membership: The general funds of the association to be provided by subscriptions to be invited from all business and farming interests, and a subscription of \$10 or more annually to entitle the subscriber to membership.

Further financial support to be solicited from municipalities in which the association conducts its business.

General Council: The association to be governed by a board of forty-two councillors chosen as follows:

Councillors by Grain Growers' association 6
Live Stock Breeders' association 6
Farmers' association 6
Agricultural Society 6
Railways (one each) 3
Canadian Credit Men's association 4
Bankers' association (western section) 4
Mortgage Loans association of Western Canada 3
Farming Grain Growers' Association (Western Canada) 3
Federation of Canadian Farmers' Association 2
Canadian Farmers' Association 2
Western Farmers' Association 2
Domestic Retailers' association 2
Union (Western branches) 2

And six others to be selected by the foregoing, 42 in all, to form a quorum.

Duties: The affairs of the association to be administered by a board of nine directors, of whom five to be appointed by the minister of agriculture and six by the general council.

The chief aim of the association being to increase agricultural production by disseminating knowledge of the most approved farming methods, it is proposed to adopt the plan now followed in North Dakota, in numerous parts of North America, of employing a staff of field agents to carry information to the farmers on their own farms, and induce them to conduct their operations on lines recommended by the department of agriculture.

SYNOPSIS OF COAL MINING REGULATIONS

Coal mining rights in the Dominion, in Manitoba, Saskatchewan and Alberta and the Yukon territory, the North-west Territories and in a portion of the province of British Columbia, may be leased for a term of twenty-one years at an annual rental of \$1 an acre. Not more than 2,560 acres will be leased to one applicant. Application for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be segregated by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked by the applicant himself.

Each application must be accompanied by fee of \$5 which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting to the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not operated, such returns shall be furnished at least once a year.

If a lease will include the coal mining right only, but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of \$10 an acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of District.

W. W. COBB,
Deputy Minister of Interior

Edgerton

Rev. H. Moore, organizer for the Orange Lodge in Alberta, paid a visit to Edgerton on Monday and lectured in the Millie Hall on the educational question. Mr. Moore, in a brilliant address, spoke on the work that was being done by the Orangemen of Alberta and also made reference to conditions existing in the Peace River country. On Tuesday night a number of new members were initiated and the local lodge re-organized. The members who took the first degree were Rev. P. Hulstead, Rev. A. A. Kirkpatrick and Messrs. C. Rogers, R. H. Challenger and R. L. Fisher.

C. Walrath has sent away for a number of band instruments and books and expects to start the practices as soon as they arrive.

The Oddfellows paraded to church on Sunday afternoon and were addressed by Rev. P. Hulstead. The lodge consists of about 40 members and nearly all turned out for the occasion.

Rev. A. A. Kirkpatrick, new Presbyterian minister here, who hails from Ireland, arrived in Edgerton last week and preached his first sermon here on Sunday night.

Miss V. Stratton left Edgerton on Sunday for Edmonton where she will be the guest of Mr. and Mrs. S. E. James.

Jarrow

Harold Whidden spent Sunday in town.

Miss Mildred Irvin of this town, is visiting Mrs. Hanly in Edmonton.

William Lockhart of Sunny Dale spent the week-end at Mr. J. Perriots.

Miss Mary McGuire of Batt's school, attended the Teachers' convention conducted in Calgary last week.

Many friends of Virgil Anderson gathered at his home recently for the purpose of celebrating his sixteenth birthday.

Carl Larson and A. Hughes spent Sunday at the home of Jenn Perriots.

Much sympathy is aroused in the necessity to announce the death of Mr. Thomas Lockhart's dog "Buster". In sympathy, the following is offered: Lament in rhyme, lament in prose.

With salt tears trickling down your nose;
Our doggie's fate is at a close,
The last sad cap put on his woes:
Poor Buster's Dead.

Across the prairie he trotted by him,
A long half-mile he could decry him;
With gentle bark when he did spy him,
A friend more faithful ne'er came nigh him.

Poor Buster's Dead.
I'm sure he was a dog of sense
And could behave himself immense;
I'll say he never stole a bone
From any other bachelor home.

Poor Buster's Dead.
Oh! all ye bards of Sunny Dale,
Come join our melancholy wail,
He gave to Buster all his love;
His heart will never rise above his grief for

Buster's Dead.

(Mutt)

Gilt Edge

Farmers of the Gilt Edge district are lamenting the fact that only one tree rural delivery is afforded them per week between Wainwright and Gilt Edge. They say that this is not enough and that at least two deliveries should be given them weekly.

E. Denoncourt had wheat one and a half inches high on Wednesday of last week. It was possible, at the time, to see wheat clear across the field.

Practically all the seeding has been completed in the Gilt Edge and Hope Valley districts.

TRAINING ARMY BANDSMEN

Great Britain is the only country which undertakes the systematic training of its army bandsmen, and the selection of the band of the Duke of Cambridge's Hussars to provide music for the new recruits is a reminder that the present high standard of British army bands is entirely due to the efforts of the late Duke of Cambridge. After peace was declared at the end of the Crimean War a performance was given at Varna, in the Crimea, by the massed British bands there at the time, with results so painful that the Duke set to work at once to provide a proper training for the army musicians.

He enlisted a large number of officers in favor of the scheme, and with the money they subscribed he sent over Kneill, Hall, Hounslow, once, the residence of the famous painter, Sir George Kneill, and established there the Military School of Music. For nearly twenty years the Duke carried on the school without any Government help, but in 1875 it was officially recognized, though it was not until within the last four years that the officers were relieved of the burden of supporting the bands of their regiments.

Municipality of Battle River, 423.

BY-LAW NO. 8.

A BY-LAW of the rural municipality of Battle River, No. 423, to compel the removal of any filth, offal or carcass from any place within the municipality from which disease or contagion may be spread.

The council of the rural municipality of Battle River, No. 423, enacts as follows:—

1st. No person shall personally or by his servant or agent, throw, deposit or leave in any place within the municipality, from which contagion, or disease may be spread, any filth, offal or carcass.

2nd. Any person throwing, depositing or leaving in any place in the municipality, any filth, offal or carcass, shall within twenty-four hours after having been notified by the council to do so, remove, bury or burn such filth, offal or carcass, or dispose of same in a manner specified in local by-laws, and in default of so doing the council may order the removal at the expense of the party in default and the municipality may recover the costs thereof by action in any court of competent jurisdiction or in like manner as municipal taxes.

3rd. No person shall be relieved of liability under paragraph two of this by-law by reason of having been convicted under paragraph one hereof, nor shall any person be relieved of liability under paragraph one hereof by compliance with paragraph two.

4th. Any person convicted of a breach of this by-law shall be liable to a penalty of not less than (\$10) ten dollars or not more than (\$25) twenty five dollars.

Dome and passed in council assembled at 10:30 this ninth (9th) day of March, A.D. 1915.

A. A. FISCHER, R. J. TATE,
Reeve. Sec-Treas.

PUBLIC NOTICE

Public notice is hereby given that the following by-law has been introduced in the council of the Village of Irma, Alberta and that unless within twenty days after the last insertion of this notice at least ten resident electors of the Village petition the council to submit such by-law to the vote of the resident electors of the Village the council will proceed to pass the same. A by-law restraining animals running at large within the limits of the Village of Irma. And the establishment of a public pound for impounding animals found running at large in the village.

A complete copy of this by-law may be seen at the office of the Sec-Treas. of the village of Irma.

The last date of insertion of this notice is April 25th, 1915.

mentioned the cities and towns can be helped by utilizing the present waste lands and the surrounding territory. An unoccupied acre at these times implies extravagance with in soil and water. Nobility can plead ignorance in these matters when he can write to the Publications Branch, Department of Agriculture, Ottawa, and receive a copy of the bulletins and pamphlets giving information on how best to grow peas, beans, corn, potatoes, turnips, rutabagas, carrots, Indian corn, wheat, oats and barley. Also on the breeding and rearing of dairy cattle, dairy farming, cultivation, etc. A letter to the department, addressed as stated, will bring a catalogue of upwards of 100 bulletins and pamphlets, all of which can be had gratuitously.

Naval Code Book

Great Precaution Is Used to Guard the Secret Signals

Every ship has a secret code of signals that is not an ordinary code in general use. This code is used only in time of war and in the presence of the enemy. The signals could read the signals he could secure a great advantage. So the secret code books are carefully guarded. They are not to be distributed than that of the United States Navy. The secret code books are issued only to the fleet and to the ships and every precaution is taken to prevent them being stolen by men in the service of foreign governments. The books are bound in heavy metal covers, so that if a

Recruiting Story From Weiss
One of the latest recruits stood a foot taller than the man who was talking to him. On joining he expanded his chest, and exclaimed: "Now for the Germans." The following day he was sent from the recruiting program: "Heartiest congratulations, Kitchener." This was duly shown around, but he lost among his prizes a box received on receiving the royal message: "The empire is proud of you—George." When on the way to the front he was told: "You don't make, keep neutral—Wilhelm." He began to see that jokers were about.

JUST A FEW STARS FOR STAR READERS

Such a lot of talk about "Railways" in the patrician press these days. Wonder why somebody don't build some and help the farmer out?

When you stop suddenly in your rush to or from home to watch a youngster sling a baseball into the padded mitt of another kid, it's a sure sign that you're catching the fever. "Batter up!"

William Hizon of Welland, Ontario, had a "hammer toe" on each foot anguished so that he could walk with the "clunk" sound. Sounds, as though they would have been useful things to help the enemy with.

Did you hear about the foreman who applied in Calgary for naturalization papers and filled in the three main questions this way: NAME—Jacob Levinsky. BORN—Yes. BUSINESS—Rotten.

"Another big town taken by General Botha," reads a newspaper headline. It's some fighting premier that man Botha in South Africa.

Upon reading an advertisement in an eastern paper for an experienced unmarried man, one of the editors of a western daily was moved to say there was no such bird.

Try this on your pencil: I do not pay. Thou dost not pay. He does not pay. We have no money. You have no money. NOBODY HAS MONEY! Now try this one: I have paid. Thou hast paid. He has paid. We have paid. You have paid. EVERYBODY HAS MONEY!

The Commercial Travellers have been instrumental in getting the provincial government license department to issue an edict to all hotel proprietors to have ropes attached to all bedrooms as fire escapes. They might come in handy for other purposes. No offense, boys, no offense.

That's a good many of the Edmonton Board of Trade to start an organization for the purpose of raising a fund to supplement the patriotic fund for the care and temporary support of unmarried soldiers' invalided home from the European war zone. No such reward as destination should be the lot of men who have come to the firing line for their country and been compelled through wounds or exposure to leave the trenches.

"So far as I can see," said Mr. E. W. Light, an influential business man of Wainwright, addressing the Edmonton Board of Trade the other day, "conditions in western Canada would have been worse than they are at present if we had not had the war. Had it not been for the money collected by the war conditions could not have been as good as they are and farmers would not have received high prices. We must not get down in the dumps because of a few months of hard times." He concluded by saying that he was sure you can tell a Wainwright man anywhere you meet him by the smile he wears.

LOCAL

Mrs. Mable McCaig returned to Wainwright following a visit to Medicine Hat and Edmonton.

Rev. Mr. Buchanan, Superintendent of Northern Alberta Missions for the Methodist church in Canada, was the speaker at both the services held in the Grace Methodist church on Sunday last.

A dance will be held in the Elite theatre following the usual show on Friday evening of the present week. It will begin at 10 o'clock and conclude at 1 o'clock and expectations are that the attendance will be a large one.

Business has been brisk at the land office during the past twenty six days, 9 homestead entries having been granted, 14 hay permits issued and 10 cancellations received. Seven applications for patent have also been recorded.

Tennis enthusiasts have been seen on the courts regularly during the past few evenings. At the present time two courts are in use, while a third is now being constructed and is expected to be in readiness for players within the next few days.

Fred and Arthur Liddle, troopers in the Alberta Mounted Rifles now stationed in Edmonton, spent the last few days visiting their parents and friends in Wainwright. They left on Tuesday to return to the capital.

Many subscriptions to The Star that have been made by residents in Wainwright on behalf of relatives and friends in other parts of the Dominion, the Old Country and the United States are now in arrears and, while The Star is still being sent, these subscriptions should be paid at an early date.

E. W. Light, for the past five months manager of the Wainwright branch of the Edmonton City Dairy, left town this afternoon for Edmonton from whence he will go to Stettler to assume new duties. He will be succeeded here by H. A. McMillan, formerly manager of the local branch.

TENDERS FOR DRILL HALL

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Drill Hall, Calgary, Alta.", will be received at the office until 4:00 p.m. on Tuesday, May 25, 1916, for the above mentioned Drill Hall at Calgary, Alberta.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. Lee Dowler, Resident Architect, Calgary, Caretaker of Post Office, Edmonton, Alberta, Mr. Mathews, Resident Architect, Winnipeg, Man., Postmaster, Brandon, Man., and at this department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given. Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The department does not bind itself to accept the lowest or any tender.

By order,
R. O. DESROCHERS,
Secretary
Department of Public Works,
Ottawa, April 13, 1916.

Newspapers will not be paid for this advertisement if they insert it without authority from the department—77738

FINDING A SPIDER IN NEWSPAPER

When Mark Twain, in his early days, was editor of a Missouri paper, a superstitious subscriber wrote to him saying that he had found a spider in his paper, and asking him whether that was a sign of good or bad. The humorist wrote him the answer and printed it.

"Old Subscriber," finding a spider in your paper was neither good luck nor bad luck for you. The spider was merely looking over our paper to see which insect it is not advertising, so that he can go to that store, spin his web across the door and lead a life of undisturbed peace ever afterward."—Exchange.
